

Summon The Cat Julien Liakos

About Me

My name is Julien Liakos, I am an R&D Technical Artist from South Africa.

I focus on tooling, automation, processes and bridging designers and developers. My place in a team is in removing friction from production.

Education:

2016 to 2019	Inscape Education Group	> B.Design in: Audio Visual Design
--------------------	-------------------------------	---------------------------------------

Experience:

2019 to 2020	Competitions:	> 48-Hour Game Development challenge with skills focused on the Unity3D Game Engine. > Virtual Reality environment design competition. Hosted by HL:Alyx development community.
2021	Beyond Skyrim: Roscrea 3D Artist	> 3D Artist on the Skyrim Mod Beyond Skyrim: Roscrea, creating prop and weapon models
2023	Derivco: Graphic Designer	> Graphic Designer for Derivco designing prize graphics for the RandomPrizer product.
2024	Derivco: Technical Artist	> Moved roles in Derivco, working on the production pipeline of RandomPrizer, bridging Designers and Developers. > Making quality of life tools for Graphic Designers.
2025	Derivco: Technical Artist (Lead)	> Took on leading technical art for the production pipeline of the RandomPrizer project. > Shortening timeline, from 1 month to 2 weeks. > Upskilling team members to take on making RandomPrizer assets and general production.
